

**Advanced Open Water Diver** course helps build divers confidence and expand their scuba skills in a spectacular way. During the course you will dive as deep as 30 meters and you will learn the ropes of underwater navigation. Owing to the newly acquired skills you will become a more conscious and vigilant scuba diver.

After completing **Advanced Open Water Diver** course you will be licensed to dive anywhere in the world! You will receive a personal certificate – a plastic certification card with your name on it. Just like in case of all PADI courses and programs, safety of the participants is the priority during planning, organizing and implementing **Advanced Open Water Diver** course.

**1. Requirements:**

- PADI (Junior) Open Water Diver course certification
- participants **10** years old or older, showing positive attitude :)

**2. Duration:** 3 days

**3. The course includes:**

- theoretical sessions – 5 tests checking your dive knowledge (see: the comments section)
- practical open water sessions – 5 Adventure Dives (see: the comments section), including mandatory Deep Adventure Dive (12-30 meters) and Underwater Navigation

**4. Price:**

PLN 800,00 (Comfort option – groups of 2-4 people)

PLN 1.200,00 (VIP option – individual course for 1 person)

\* certificate and PADI training materials additionally payable 350,00 PLN

**5. Diving venue:**

BAZA NURKOWA KALISZANY (KALISZANY DIVE BASE), Kaliszany, 62-104 Kaliszany

**6. Course dates:**

May, June, July, August, September (specific dates to be arranged)

**7. What do I get?**

Globally recognized **Advanced Open Water Diver** certification. A pass to another world – a chance to meet new people and visit exciting places. The right to receive invitations to diving events in Poland and abroad – fun times guaranteed!

**Comments:** AOWD course organized at our base covers the following: deep dives, underwater navigation dives, peak performance buoyancy, night dives, shooting marker buoys, search and recovery dives, underwater photography, underwater videography, dry suit diving.
