

**Open Water Diver** is a scuba diving course during which you learn how to use basic scuba gear. This course will provide you with know-how and practical skills necessary to dive independent of professional supervision, to a maximum depth of 18 meters. This license is your passport to adventure and the wonderful underwater world. After completing **Open Water Diver** course you will be licensed to dive anywhere in the world! You will receive a personal certificate – a plastic certification card with your name on it.

Just like in case of all PADI courses and programs, safety of the participants is the priority during planning, organizing and implementing **Open Water Diver** course.

**1. Requirements:** participants 10 years old or older, showing positive attitude :)  
(children aged less than 15 years old get Junior Open Water Diver certificate)
